4. How close is AI to your actual research files?

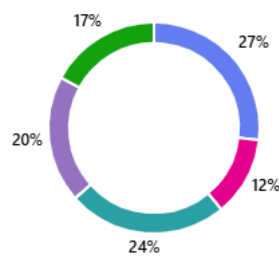

5. Do you have a complete and up-to-date copy of your key research files outside of Overleaf, Word, Sharepoint or other cloud systems?

● Yes, systematically and version-controlled	4
● Yes, but somewhat ad hoc	8
● Partially	7
● No	14
● I'm not sure	2

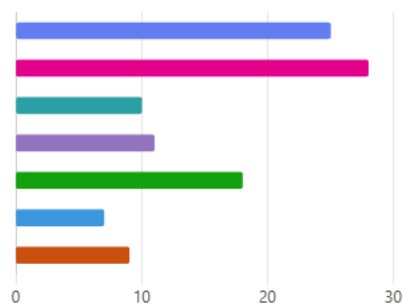

6. Do you use GitHub or other version control in your research projects?

● Yes, actively for code	11
● Yes, also for text, notes or papers	5
● Only when collaborators require it	10
● No, but I probably should	8
● No, and I don't quite see why it matters	7

7. What would be most valuable if an AI assistant could help you across your entire research project?

● Write better and faster	25
● Code, analyze and debug	28
● Track decisions, notes and meetings	10
● Gather knowledge across projects	11
● Quality-check methods and arguments	18
● Help with project management and deadlines	7
● Make the project more reproducible	9

8. Would you participate in a course about how to use AI and how to set it up?

● Yes	18
● No	2
● Maybe	18
